ODESSA BLOCKADED BY MUTINOUS WARSHIP

Vessels Flying Russian Flag Not Allowed to Enter---On Land Soldiers Hold Roads to Harbor.

Five Thousand Sailors Who Revolted at Libau Have Been Driven Into Wood Where They Are Surrounded By Troops---Death Roll Increasing.

(Associated Press.)
St. Petersburg, June 30.—2 p. m.—Not since the unsuccessful insurrection in December, 1825, when a portion of the guard regiments joined in an attempt to set up a republic in Russia, has the situation of the autocracy and the Romanoff dynasty been so serious. Nevertheless the crisis may be passed in a few days. Either the open revolt will by that time be stamped out or the flames will have spread possibly beyond the hope of control.

At the admiralty it is said that Rear-Admiral Kruger's squadron is expected to arrive in Odessa during the day. No explanation is offered for the delay in the squadron's sailing from Sebastopol, nor of the nature of Kruger's orders.

It is admitted, although great reticence is manifested, that at 9 o'clock last night the Kniaz Potemkin was firing upon the city.

The admiralty thinks the mutinous crew were supporting the strikers and revolutionists ashore against the troops. Throughout the day the soldiers and police had evidently refrained from attempting to interfere with the strikers under the threats of the mutineers of the battleship to use her guns against them, although it is possible that the acquiescence of the soldiers was due to fear that the authorities think they are unreliable, and a regiment of dragoons and a brigade of artillery have been sent to Odessa this morning. With these reinforcements and the city under martial law it is believed the military governor will be strong enough to attempt to suppress the rioters.

The plan is believed to be for the troops to crush the disorders in the city, while Kruger's squadron holds the entrance to the harbor. It is apparently questionable whether Kruger will engage the Kniaz Potemkin if she refuses to surrender as firing upon the vessel might be too dangerous a test for the sailors on board her ships. Besides it would involve the destruction of the battleship, costing several millions and damage to the city.

Admiral Skrydloff's plan of starving out the mutineers is much more likely to be followed.

At Libau the mutinous sailors to the number of 5,000 were finally corralled by the troops and artillery in a wood near the port, and by this morning a number of them had already surrendered. Their comrades possibly will be starved out. Whether there was any great loss of life is unknown.

The newspapers are not allowed to print dispatches regarding the revolt of sailors, but several of them, in a roundabout fashion, have succeeded in hinting at startling developments.

The Novoe Vremya announced the Videmski Gradonat Shalvay, the Gazette of the Prefecture of Odessa, had requested the inhabitants of that city to keep off the streets so as to avoid accidents when the troops are firing.

BLOCKADE ESTABLISHED BY BATTLESHIP.

London, June 30.—A dispatch to the Evening Standard from Odessa today says: "Since midnight the Russian battleship Kniaz Potemkin has established a blockade of the port in regard to all steamers flying the Russian flag. Not one is allowed to enter or depart. Six of these steamers are now anchored in the roads under the battleship's guns."

The port thus is in the extraordinary position of being blockaded on the sea side by a mutinous war ship and the land side is impassable owing to a military cordon which seals up every approach to the harbor.

MUTINOUS SAILORS HEMMED IN BY TROOPS.

Libau, June 30.—About 4,000 mutinous sailors are surrounded in a wood near the port by infantry, and reinforced by machine guns. One thousand of the mutineers already have surrendered and given up their arms.

The mutiny started on Wednesday night when the sailors of the first ship, as the naval units are known in Russia, revolted because the food was bad. They were joined immediately by the sixth, ninth, thirteenth and fifteenth squadrons, 5,000 bluejackets in all.

With artillery arrived. All entrances to the city were closed, and gradually the sailors were driven into the woods, which they have since held. Much firing, mingled with the humming of machine guns, has been heard, but as everyone is forced by the police to keep off the streets and away from the ports, nothing is definitely known, except that 1,000 mutineers have surrendered.

The revolutionary agents have seized the opportunity to distribute proclamations from house to house.

SIX OFFICERS WERE KILLED ON BATTLESHIP.

St. Petersburg, June 30.—A dispatch filed at Odessa last evening at 7.30 o'clock and received here this morning says the battleship Kniaz Potemkin was opening fire upon the shore.

Six officers of the battleship were murdered by the mutineers. Eight have been liberated and the remainder are prisoners on board.

Five hundred rioters have been killed. Three steamers of the Russian transport company have been burned and thoroughfares leading to the port are closed.

A telegram sent from Odessa at 10.00 o'clock this morning to a shipowner, says the bombardment which commenced yesterday evening was not serious. A renewal was threatened this morning.

Another telegram sent at 11.34 a.m. says the British ships are thus far safe. The military council has decided to abolish the Finland military district and the post of commander-in-chief of the troops in Finland is suppressed. The command hereafter will be incorporated in the St. Petersburg military district.

The strike at Voznesensk, province of Vladimir continues. The town resembles a military camp. Infantry and cavalry are quartered in the houses and are bivouacking in the streets.

REPORT OF MUTINY AT PORT OF KRONSTADT.

St. Petersburg, June 30.—3.25 p. m.—A sensational report is current that 8,000 Imperial sailors, together with workmen at the yards and docks if the national port of Kronstadt, have suddenly refused to work, and that practically a state of mutiny exists.

OFFICER KILLED BY THE MUTINEERS.

St. Petersburg, June 30.—4.55 p. m.—The mutiny of sailors at Kronstadt is confirmed. One officer was killed. The situation was reflected by an all-round slump on the Bourse today. Imperial Fours were sustained by the government, but they fell almost a point.

NINE SHIPS HAVE BEEN DESTROYED.

Odessa, June 30.—Up to the present nine ships have been burned here.

FIVE HUNDRED OF RIOTERS SLAIN.

Washington, D. C., June 30.—A dispatch was received at the state department over night from Consul Honan at Odessa, saying in substance: "Six officers of the Potemkin killed, eight liberated, remainder prisoners. The fleet has not arrived at Odessa. Harbor largely destroyed by fire. Fifty rioters killed and many Russian steamers burned."

Another dispatch from the same source dated Odessa, 6.11 p. m., says: "Boat firing on town; no fleet."

A cablegram also has been received from Ambassador Meyer at St. Petersburg which says:

Information from Odessa that 500 rioters have been killed. The harbor largely destroyed by fire. Battleship firing on the town. Fleet not yet arrived.

LIGHTING IN THE STREETS OF ODESSA.

Berlin, June 30.—A dispatch to the Tageblatt from Odessa dated 3.02 p. m. today, says:

"Fires, estimated to number 12,000 persons, attacked the patrols of troops in the streets yesterday, and the fighting continued into the night."

"Several hundred persons were killed or wounded."

"The hospitals are crowded with wounded."

"The petroleum reservoirs were set on fire and exploded."

"All traffic in the streets is stopped."

the vessel could be seen on the horizon, where they are now motionless.

GENERAL KILLED IN HOME AT KISHINEFF.

Vienna, June 30.—A dispatch received at Bucharest from Kishineff says Gen. Czerolucki, chief of the Bessarabian gendarmerie, has been found murdered in his residence at Kishineff.

A general strike has broken out at Kishineff. The town is occupied by Cossacks.

NEW YORK ANARCHISTS WILL AID REVOLUTIONISTS.

New York, June 30.—News of the riots and pillage in Odessa has stirred the anarchists who hold forth on the East side as they have not been stirred before in years. At a mass meeting which packed Clinton hall, funds were freely subscribed for Russian revolutionists and the speakers said that the uprising marks the wane of the present government system in that country.

John Most was the most prominent speaker. He said the news from Russia was the most glorious the revolutionists of the world had ever heard and the movement would go on until Russia was trampled in the dust.

NO RESTRICTIONS ON RAILWAY BUILDING.

V. V. & E. Bill Will Come Up on Monday When the Premier Will Make Statement.

(Special to the Times.)

Ottawa, June 30.—The V. V. & E. bill will be reached again in the House this evening, but will stand over till Monday, when the Premier will announce so far as the government is concerned their policy is to place no restrictions upon a company like this, seeking only permission to build a railway without subsidy or land grant.

CUSTOMS REVENUE.

Increase of \$1,225,001 Over Last Year and More Than Double That of 1896.

(Special to the Times.)

Ottawa, June 30.—The customs revenue of Canada for the year, ending today, is \$41,534,873, an increase of \$1,225,001 over the same time last year. The total customs revenue in 1896 was \$30,219,000, so that it has more than doubled since then.

The customs revenue for June was \$3,721,837, in increase of \$12,216 over June, 1904.

AUSTRALIAN POLITICS.

News Received of the Defeat of the Government.

(Special to the Times.)

Ottawa, June 30.—The minister of trade and commerce received a cable today stating that the Australian government had been defeated.

UNITED MINE WORKERS.

Will Call Out Men at Brechin If Body Is Not Recognized by Company.

(Special to the Times.)

Nanaimo, June 30.—At a meeting of the United Mine Workers last night it was understood a decision was reached to call out all the miners employed at Brechin unless that body is recognized by the colliery company.

As this is very improbable Northfield mines are likely to be closed in the near future, resulting in the complete shut down of the mines of the Western Fuel Company here.

COLLISION AT TACOMA.

(Special to the Times.)

Tacoma, June 30.—The steamer Vashon and the gasoline launch Anna, collided in Quartermaster harbor yesterday, throwing several occupants of the small craft into the water. No lives were lost although several persons were in danger.

WINTER WILSON.

Marriage at the Dallas Hotel on Thursday Afternoon.

Mr. George Edward Winter, auditor of the Alaska Central Railway Company, with headquarters at Seward, Alaska, was yesterday joined by marriage to Miss Edith Ann Wilson, only daughter of Mr. Robert Wilson, building inspector of the C. P. R. The wedding took place in the parlor of the Dallas hotel. Rev. K. J. Wilson, of St. Andrew's Presbyterian church, Vancouver, assisted by Rev. W. Leslie Clay, of St. Andrew's Presbyterian church of this city, performed the ceremony. Mr. George Henry Archibald, of Vancouver, and Miss Olive Finley, also of the Terminal City, acted as groomsmen and bridesmaids respectively. The bride was given away by her father.

The dining room of the hotel was effectively decorated, and a wedding supper was served at the conclusion of the ceremony.

In the evening Mr. and Mrs. Winter embarked for Seattle on the steamer Princess Victoria, and will spend their honeymoon in touring the Sound. On the 10th of July they will return to Victoria on a visit to the bride's parents before proceeding to Seward, their future home. Both bride and groom were the recipients of a large number of gifts, the list including several cheques from Montreal and Vancouver.

BLACK SEA SQUADRON RETIRED FROM ODESSA.

London, June 30.—2.21 p. m.—A private cable received in London this evening says the Black Sea squadron arrived off Odessa and then retired until

LARGE PURCHASE AT GOLDSTREAM

ESQUIMALT COMPANY HAS BOUGHT WATERSHED

T. Lubbe Has Acquired About 5,000 Acres for the Use of His Company.

T. Lubbe, of the Esquimalt Waterworks Company, has acquired a tract of land, roughly estimated at 5,000 acres, from the C. P. R. The land is claimed to be practically valueless except as a watershed for the increasing of the water supply of his company. In that particular it is extremely valuable. By its acquisition the company will be enabled to supply water for power and light purposes, if desired; under an effective head of 1,400 feet. When it is remembered that at present the available head is 600 feet the importance of this land acquisition is readily understood.

This land lies west of the E. & N. railway line, extending a considerable distance north and south of the tunnel. Its eastern boundary does not reach the railway line.

For some time Mr. Lubbe has been seeking to acquire this land from James Hunsmair. Upon the acquisition of the land grant by the C. P. R. he renewed his application, and had the deal quickly consummated.

The land does not lend itself to use for reservoir purposes, but it affords an excellent watershed for increasing the head of some of the reservoirs now in use.

The exact extent of the tract has not yet been ascertained, as the survey has not been made.

ARRANGEMENTS FOR VISIT.

Some of the Means For Entertaining the Institute of Mining Engineers.

To-morrow morning the members of the American Institute of Mining Engineers will arrive in Victoria from Seattle for the convention, which opens during the day.

W. M. Brewer, representing the local association, will meet the visitors on the Sound, and come over with them. W. F. Robertson, provincial mineralogist, accompanied the party on their visit to the upper country, and will also come over to-morrow morning.

To-morrow will be devoted to business, but in the evening a reception will be accorded the visitors at the parliament buildings. His Honor Sir Henri Joly de Loebiniere and members of the government will be present. The tourist association is making arrangements for decorating the Assembly rooms with a profusion of roses. E. A. Wallace has taken charge of this work, and donations from private gardens are asked for. It is the intention also of the tourist association to keep the rooms of the lady visitors provided with bouquets during their stay here.

On Monday, under the auspices of the board of trade, the citizens will give a complimentary excursion by the steamer Princess May. Tickets for those wishing to take in the excursion may be obtained from F. Elworthy, secretary of the board of trade.

Tuesday is devoted to an excursion given by Mr. Clement Livingston, general manager of the Tree company. This will be up the E. & N. line to Mount Sticker.

On Wednesday business will be finished before leaving by the Princess May for Alaska at 11 p. m.

In the afternoon of Wednesday, from 4 to 6, a reception is to be held at Government House for ladies. This will afford the ladies of the city an opportunity to meet those included in the party. There are about 42 ladies in the party, and this is one of the opportunities afforded for making their trip to Victoria an enjoyable one.

NIVELLE FROM LIVERPOOL.

Ship Reached Royal Roads Last Evening After Passage of 154 Days.

The British ship Nivelle, Capt. McMillan, completed a long voyage from Liverpool to this port last evening. She came into the roads and anchoring there for the night was towed to the outer wharf this morning, where she will discharge upwards of 1,000 tons of her cargo. This is consigned to R. P. Rihet & Company, the firm being the ship's local agents. The balance of the cargo, which there will be about 3,500 tons, is destined principally for Vancouver.

The freight is a very large one for a sailing vessel. But the Nivelle is a large vessel, her tonnage being 2,202, and her carrying capacity proportionately great.

In speaking of his voyage this morning Capt. McMillan reported that he was out 154 days from Liverpool, a trip protracted more than is usual, perhaps, by unfavorable weather. A number of sailing vessels were sighted, one being the well known American schooner Belboa Antiochista for Port Townsend. She was spoken about two weeks ago. The Nivelle brings a large quantity of canary supplies.

Angry Wife (after a quarrel)—Seems to me we've been married about a hundred years! I can't remember when or where we first met. Husband (emphatically)—I can! It was at a dinner party, and there were thirteen at table.

PLAN TO SEWER A PART OF CITY

SUBMITTED AT THE COUNCIL MEETING

By-Laws Before Aldermen—Purchase of Library Books Authorized—Cook Street Improvement

At the adjourned meeting of the city council last evening the proposed by-laws which it was supposed would come up, were not considered. Instead, a plan of the sewer contemplated for the eastern section of the city was laid before the mayor and aldermen by the city engineer. The plan showed the route of the sewer main, starting at a point near the Edmondston road and winding in circular manner around the lower levels until it reached a point near Paul Bay. The exact outlet was not indicated for a system of gravitation. This sewer main, it laid, will run a distance of about three miles, with a good fall to the sea. To carry out this and other work which the council contemplates in the way of sewerage the city is proposed to lay before the ratepayers a by-law authorizing the raising of \$100,000. This sum when added to that already borrowed represents \$300,000 expended on sewer work during a comparatively short time. Even with this large expenditure it is doubtful if the city can be completely sewered, but when the new loan is all used the bulk of the work will be provided for. The city engineer's present plans are to be carried out by the action of certain ratepayers in Spring Ridge in opposing the work that was to have been carried out in that district. In reviewing the plans laid before them last evening the council arrived at no decision and after a short discussion adjourned, the meeting sitting afterwards as a streets, bridges and sewers committee.

The sewers by-law is not the only one the ratepayers will shortly have to pass judgment upon. Ald. Hall says that the electric light by-law, providing for an extension of the city power plant, will be ready for the meeting on Monday evening next. And then there is the by-law calling for the loan of \$30,000 for the building of a new school in Victoria West.

The city engineer presented a plan for the laying out of the new park at the Gorge. This was prepared so that the council may have some definite guide in carrying out any improvements they may in future decide on. It calls for a drive through the enclosure, a certain number of seats, steps leading down to the arm and other essential arrangements of this kind.

Another important matter brought up by Ald. Hanna in committee was the proposed library to the value of over \$500. The books will be bought in the Old Country. Until they arrive the building will be let as it is, the only thing that will be done in the meanwhile being the heating of the place to dry the plaster.

The advisability of blockading Pandemonium street and Fairfield road was also discussed. The work will likely be done on the local improvement plan, the residents paying two-thirds of the cost and the city the remaining third. The city engineer has not arrived at the cost of this improvement, but a report dealing with the whole subject will shortly be submitted. The council have had this matter under consideration for some time.

"THE HUSKEY'S DREAM."

A Captivating Two-Act Composed by Miss Violet L. Powell.

"The Huskey's Dream," a delightful two-act composed by Miss Violet Irene Powell, of this city, some time ago, has been published, and is now on sale at the local music stores. It promises to have a wide vogue, which it most assuredly deserves, for seldom has a more catchy production been placed upon the market.

"The Huskey's Dream" is well sustained throughout. The music that it starts as a two-act and finishes as a two-act. Moreover, in its preparation it is faultless, being unmarred by roughness, or those little breaks which subvert and persistently creep into musical compositions. The cover is very neatly designed, and is more suggestively in harmony with the spirit of the piece. Miss Powell, who is a daughter of Dr. I. W. Powell, is to be congratulated upon the success that has attended her debut in the world of music composition, and other productions will be received with no little interest and attention.

The Paris Rothschilds were, and doubtless still are, as difficult to get near as any private citizens in the world, if all accounts be true. The visitor who would see "the House" at its great business establishment in Paris has to explain his way past several outposts of armed vigilance.

STRIVING HARD TO
CRUSH REVOLUTIONMARTIAL LAW DECLARED
AT ODESSA AND LIBAUBattleship Which Was Seized by Kru-
gers' Squadron Delayed

London, June 30.—The Odessa correspondent of the Daily Telegraph, in a dispatch filed at 11.29 o'clock Thursday night, says that the Kruzenshtern is being fired on the town, and that Admiral Kruger's squadron is not in sight.

The Daily Mail this morning prints the following from its Odessa correspondent, received at 10.45 o'clock Thursday night:

"Using full charges, the Kruzenshtern opened fire on the city to-night.

"Large bodies of troops have arrived. It is reported that there are altogether 10,000 troops in Odessa. This afternoon a tug firing the Red Cross flag proceeded to the opposite side of the bay. Two warships were lying at the end of one of the main streets, opposite Little Fountain."

The Daily Express prints this dispatch from Odessa: "A second military warship is reported at Cape Fountain, ten miles from here. A transport with Russians from Port Arthur and a Russian steamer were held up by the Kruzenshtern at 5 o'clock and the rebels fired several shots at the suburb of Langeron, where there is a detachment of Cossacks. She then swung round until her guns pointed to the centre of Odessa, and fired a blank cartridge. "A steamer which the Kruzenshtern stopped was seen to burst into flames."

The Odessa correspondent of the Daily Mail sends the following: "Intermittent firing has been going on all day long. Artillery has arrived, and is in position. The battleship landed fifteen men to attend the funeral of the sailor Oud Teuk, and threatened to bombard the town if any of them were arrested. "The mutineers liberated nine officers, but killed twenty-two."

"The port is an absolute ruin from Plofowsky's mole to the Russian Steamship Company's docks. "People are only allowed in the proximity of the harbor by the guards when furnished with written permission from the commanding general."

A telegram from Sebastopol says that the Kruzenshtern has only ammunition for small arms.

State of War.

St. Petersburg, June 20.—It is reported that the volunteer fleet cruiser Saccato has been burned at Odessa. Admiral Kruger's squadron is expected to arrive at Odessa to-night. His orders are to surround the Kruzenshtern to surrender, and, on refusal, to sink her, after which he is to assist in restoring order in the town.

The Emperor has issued the following ukase, addressed to the ruling senate: "In order to guarantee public safety and to terminate the disorders at Odessa and neighboring localities, we have found it necessary to declare a state of war in Odessa and district, and to invest the commander of the troops in the military

district of Odessa with the rights of military authority and special rights of civil administration for the defence of order and public tranquillity."

Squadron Delayed.

St. Petersburg, June 30.—3.45 a. m.—A dispatch which arrived here early this morning from Sebastopol announced that a squadron of battleships—the Tri Sviatitelia, Sinope and Rebstislav—with a cruiser and several torpedo boats, only started for Odessa at 8 o'clock last evening. This explains the non-appearance of the squadron at Odessa, but it is difficult to conjecture the reasons for the delay in the departure of two days at such a critical juncture.

The Fighting at Odessa.

Odessa, June 29.—A semblance of order has been restored here, but the situation is still critical. The central railway station was destroyed by fire to-night, many persons being injured.

The funeral of Oud Teuk, which has just been held, became an impressive popular demonstration. The procession, headed by priests, followed the body to the military cemetery. The coffin, covered with a St. Andrew's flag and numerous wreaths, was carried by eight sailors.

The populace is still in a revengeful mood. A bomb exploded to-night in a private house, and several persons were injured.

In the most unruly section the populace treats the proclamation warning people to remain indoors after 9 p. m. with derision and contempt, and freely announce their intention to burn all public buildings during the night. Cossacks guard all the approaches to the town and troops patrol the streets and guard public buildings.

Many councilors were prevented by troops from reaching the town hall to attend a meeting of the municipal council. Sensational accounts are current regarding Wednesday night's rioting. In the accounts it is stated that a thousand persons were killed. The troops face a condition of complete anarchy, thousands of desperate incendiaries trying to set fire to every building. They adopted the sternest measures and employed machine guns against the mob.

At 3 a. m. to-day a large body of rioters tried to enter the central part of the town and a terrific fusillade was kept up by both sides. It is alleged that hundreds were killed and that when the mob tried to ascend the steps of the Church of St. Nicholas to reach the Boulevard St. Nicholas, troops repeatedly fired volleys into the crowd, with terrible effect, wagon loads of dead being carried away. Many lives, it is said, were lost in the endeavors of the military to stop incendiaries.

The conflagration burned for over a mile and thousands of tons of railway sleepers and all the timbers supporting the elevated railroad serving the port, together with all the contiguous buildings, were consumed, the troops in the meantime firing volleys to compel the rioters to desist. It is stated that three police officers, ten policemen, twenty-three Cossacks and ten infantry soldiers were killed in these encounters.

Are Troops Loyal?

St. Petersburg, June 30.—2.58 a. m.—The Russian government, although almost paralyzed by the events at Odessa and the news that sailors at Libau have also mutinied, is making desperate efforts to stamp out the flames of revolution before they can spread to the army, the last bulwark of the aristocracy.

With the navy in revolt, the Cossacks almost in a state of profound war; agrarian disorders spreading rapidly; the whole country stirred, and the intelligent classes solidly arrayed against the government, all conditions seem ripe for the long predicted revolution.

The first action of the government, after dispatching Admiral Kruger's

squadron from Sebastopol, was to surround the Kruzenshtern, whose mutineers have now been joined by the crews of the two torpedo boats which accompanied it to Odessa, to surrender under the threat of firing upon and sinking the vessel. This was followed by the declaration of martial law at Odessa and Libau, and the clothing of the military commanders with plenary powers. Four is expressed that many regiments are honeycombed with sedition, and there is grave doubts of their loyalty should they be called upon to fire upon the revolutionists.

The most alarming stories involving the unreliability of the troops are being reported.

Precautions to keep the news from the public have been in vain, the revolutionaries and the liberals everywhere spreading it by word of mouth, and within twenty-four hours it will be known in the uttermost confines of European Russia. When it reaches the armies in Manchuria it is bound to create a deep impression.

At the admiralty the orders sent to Admiral Kruger were not unanimously approved. Among others, Vice-Admiral Skrydloff openly expressed the opinion that Admiral Kruger's bluejackets would not fire on their comrades on the Kruzenshtern, but that they might revolt should they be ordered to shoot.

It is reported that the crew of the battleship captured two English ships loaded with provisions, and is holding them aloof.

The fact that Kruger had not arrived at Odessa up to midnight, gave rise to rumors that the crews had actually seized the ships of the squadron.

Odessa dispatches state that millions of dollars' worth of property, including ships, has been destroyed. The city is terror-stricken and hundreds have been killed and wounded. The fact that troops and police make no attempt to interfere with the burial of the mutineered sailor is regarded as significant.

Under cover of the darkness produced by the intense pall of smoke hanging over the city, it is reported, the mob has begun to plunder stores. Foreign property has suffered heavily.

In naval circles the revolt on board the Kruzenshtern is attributed chiefly to the severity of Vice-Admiral Chukulin's regime. He is a martinet, and several of his sailors have already been shot for disobedience.

At the time of the mutiny a court-martial was actually in progress at Sebastopol, and several of the crew of the battleship had just been sentenced.

Lois dispatches from Libau say that property losses are considerable there, and that all the workmen have gone out in sympathy with the bluejackets. Artillery is said to have been employed by the mutineers.

NEW ADJECTIVES REQUIRED.

Newspapermen Cannot Find Words to Express Their Thoughts of North-west.

Humboldt, Sask., June 29.—Sunshine followed the rain yesterday and the Washington correspondents were favored with delightful weather before Dauphin was reached. The whole town turned out to greet the visitors, and after a pleasant drive through fertile fields, nearly 100 sat down to a magnificent banquet at the King's hotel, which was presided over by Mayor Hederley. Excellent speeches were made by leading citizens, and some of the visitors, in which Anglo-American unity and continuance of the friendly relations between the Republic and the Dominion were strongly urged, and surprise expressed by the newspapermen at the growth and development of the country. The party broke up at midnight, when the Canadian Northern was taken for Battleford. Weather continues fine and the run through the Park country was greatly enjoyed.

Arthur W. Dunn, of the Associated Press, speaking of a trip said: "New adjectives are needed to amply express what our Washington correspondents think of this Canadian North-west. Knowing from some experience what to expect, I tried to prepare them for what they might expect, but they believed I was untruthful. Now I am vindicated. These newspapermen are now all looking in the dictionary and enlarging their vocabulary to say what they think. The manner in which the railroads and the people are taking care of us in another cause for congratulation. Why our fellows are getting to set up that they will not want to do anything in the future, but travel on Canadian roads and meet Canadian people."

North Battleford, N. W. T., June 29.—Battleford honored the Washington correspondents by driving them around the town and giving them an impromptu dinner at which speeches were made warmly welcoming them to the district, and to which appropriate addresses were made by the newspapermen.

Cy Warman, the author, reports that the Washington correspondents have been captured in Canada, but before they could extricate themselves they were in turn captured by the Canadians.

"They were charmed by the beauty and amazed at the immensity of the empire through which they have travelled from Winnipeg to Battleford. The visit of these busy brain-workers is the biggest event of its kind in Canadian history. Yesterday on the Canadian Northern railway was one of the busiest days, in fact, the farther west we go the taller the grass, the more glorious the sunset and the redder the paint."

MEET NEXT MONTH.

J. E. Britt and Kid Sullivan Will Fight in San Francisco.

San Francisco, June 29.—James E. Britt, of this city, lightweight champion, and Kid Sullivan, of Washington, D. C., have signed articles for a twenty-round match to take place on July 21st before the Hay and Valley Athletic Club of San Francisco. The men are to weigh 133 pounds at 6 p. m. The referee is to be agreed upon a week in advance.

WAS MURDERED.

Hamilton, Ont., June 29.—The jury has rendered a verdict that Fred Fieldhouse was murdered by a blow struck by a club or stick by James Neeson, Michael Connon and Stanley Davis in a row on Bay street, started on Friday night, June 18th. The three accused are prisoners.

EQUITABLE LIFE.

Gen. Fitzgerald Has Resigned as Director of Society.

New York, June 29.—Chairman Morton, of the Equitable Life Assurance Society, announced to-day that United States Senator Depew's retainer of \$20,000 a year and the retainer of former Governor David B. Hill of \$5,000 a year, both as attorneys, have been discontinued. Gen. Louis Fitzgerald sent his resignation as a director of the Equitable Assurance Society to Chairman Morton to-day. Gen. Fitzgerald was an intimate friend of the late Henry B. Hyde, and was long associated with him.

Asked For Investigation.

New York, June 29.—It was announced at the office of the Mutual Life Assurance Society of New York to-day that State Superintendent of Insurance Hendricks has made arrangements to investigate the company along the same lines as his investigation of the Equitable Life Assurance Society. The investigation is at the request of Richard A. McCurdy, president of the company. An official of the Mutual company who was authorized to speak for President McCurdy, gave out the following statement: "The investigation will be as thorough as it is possible to make it. The request for the investigation was prompted by a desire on the part of the Mutual Life to have the state of the company made known to the public."

WORK HAS CEASED.

Company Engaged Dredging Channel in New York Harbor Pays Off Men.

New York, June 29.—Owing to a disagreement with the government in a dredging company controlled by Andrew Oanderdonk (who died last week) has thrown up its contract for deepening the Ambrose channel in New York harbor and paid off its men. The contract amounted to several millions.

It is understood that the war department refused to recognize anyone in the matter except the Oanderdonk estate, thus placing the corporation which was carrying on the work in an anomalous position. Another cause for the disagreement was the claim by the contractors that the government dredgers have been removing the sand, leaving the heavy blue clay for the company to take up.

For the construction of the channel, the secretary of war was authorized in 1890 to contract an amount not exceeding \$4,570,000. The work was to be completed in six years and forty million cubic yards of dirt were to be removed. It was expected that the channel would be completed in two years. But recently the work dragged and it is said that a comparatively small balance remains of the appropriation.

The contract was one of the most important pieces of harbor work here in recent years. It provided for a depth of 45 feet, which will enable the largest steamship to come and go at any stage of the tide from the port of New York. Litigation between the department and the Oanderdonk estate is expected to decide who shall complete the work.

AUTOMOBILE RACES.

France Will Not Compete For Bennett Cup Next Year—Contests at Bruthot Island.

Paris, June 29.—The committee of the French Automobile Club has decided that France will not participate in the races of 1906 for the James Gordon Bennett international motor race cup, no matter what the result of this year's contest may be.

Championship Events.

Pittsburg, Pa., June 29.—The automobile championship race at Bruthot Island was started yesterday.

In the first heat of the five-mile motor car championship, free for all, Earl Kiser made the distance in 4.44 2-5, which is said to be the record in competition, defeating Chevrolet, who was a quarter mile behind at the finish.

In the final Barney Oldfield and Kiser started what soon looked like a close race but Kiser's car broke down and Oldfield finished in 4.50 2-5. In the ten-mile free for all, with Oldfield and Chevrolet competing, the former led for four miles and a half, when one of his rear tires burst. Chevrolet then took the lead and made the ten miles in ten minutes flat.

To-day Oldfield, Kiser and Chevrolet are scheduled for a decisive race.

In New England 100 years ago it was by no means uncommon for people to provide their coffins long before their death and keep them in their houses, where they could see them every day.

None can have a Well-Balanced Constitution without taking

BEECHAM'S PILLS

All people subject to Bilious attacks, or who suffer from Stomachic disorders, should never be without a box of BEECHAM'S PILLS. Their gigantic success and genuine worth are known all over the world, and the proof of their excellence lies in the fact that they are generally adopted as the Family Medicine after the first trial.

BEECHAM'S PILLS

by their purifying effect upon the Blood, cleanse and vivify the entire system, causing every organ of the body healthfully to continue its allotted function, thereby inducing a perfectly balanced condition, and making life a pleasure.

BEECHAM'S PILLS maintain their reputation for keeping people in Good Health and Good Condition.

Have stood the test of the most exacting experience through many years. Prepared only by Thomas Beecham, 24, Nelson, England. Sold everywhere in Canada and U. S. America. In boxes, 25 cents.

RAILWAY ACCIDENT.

Train Derailed—One Passenger Killed and Number Injured.

Cleveland, Ohio, June 29.—A fast east-bound passenger train on the Cleveland & Pittsburg branch of the Pennsylvania road was derailed and wrecked near Atwater, Ohio, causing the death of at least one passenger, while a dozen or more others were more or less injured. C. M. Munnell, Cleveland, commercial agent of the Cleveland, Akron & Columbus Railway, was killed. Engineer Baldwin's injuries are very serious and he will probably die.

The train is one of the fastest between Cleveland and Pittsburg, making the run of 140 miles between the two cities in three hours and fifteen minutes.

When the accident occurred the train was running about 50 miles an hour. A section gang was making repairs on the track and it is said had removed a rail. A flagman was sent out but for some reason he failed to stop the flyer and the wreck followed.

COWICHAN NOTES.

The school children at Cowichan station were dismissed for the summer holidays last Friday, when appropriate exercises were held, and were attended by a large number of parents and friends.

A public meeting was held in the schoolhouse, Cowichan station, on Saturday last, for the purpose of electing a school trustee in place of A. N. Parry, who resigned. Robt. Colvin was unanimously elected to fill the vacancy.

At a meeting in the public hall, Cowichan station, last Monday evening the question of forming the district into a municipality was discussed. After hearing the report of a committee, which was appointed some time ago, and after some discussion, it was agreed to let the matter stand in abeyance until some necessary information about the roads and bridges in the Indian reservation could be secured from the government.

A new road of about three miles is being built to the mines and claims on the Koksilah mountains.

The present month has been most favorable for the growth of the crops, and those in the garden and field promise to be above the average. Haymaking has begun, but has not yet become general in the district.

Subscribers at Cowichan station are much pleased with the "Of Age" copy of the Times, and several have been sent to friends in the Old Country.

WINNIPEG CLEARINGS.

Winnipeg, June 29.—The bank clearings for the week ending to-day were \$3,488,411. In the same week last year the clearings were \$5,212,229, and in 1904, \$4,042,012.

SIX KILLED DURING STORM.

Phillipsburg, Kans., June 29.—Six persons were killed and 20 injured; 16 of the latter seriously, in a storm that struck here last night. The destruction to crops was heavy.

BRIEF TELEGRAMS.

Lea Furman and John O'Brien were hanged here at Lancaster, Pa., on Thursday for the murder of Samuel Resler, an aged toilet-gate keeper, on the night of July 1st, 1904.

J. F. Tarte, the aged pioneer of Blaine, Wash., who swallowed morphine Wednesday last Thursday night. Three children of Thomas Bassel at Quincy, Ore., aged 12, 8 and 16 respectively, went blackberrying yesterday and fell in a slough and were drowned.

Washington Fish Commissioner Kershaw is preparing for an experiment of planting sockeye fry in the streams of Northwestern Washington and Lake Whatcom, in the hope of developing a supply from that source. L. A. Patton, of Jefferson, Ore., a member of the party of ten to which Mrs. Myers and Mrs. Jones, who were asphyxiated at Portland, belonged, has been sandhugged and robbed of \$700 at Portland, Ore.

ART AND ROMANCE.

Romances of "Old Masters" are growing, exceeding rare, but, says the Tablet, one that seems to be authentic has occurred at Reggio Emilia.

Some months ago an old dealer in odds and ends bought a dilapidated picture for four-pence. It did not seem to be worth even that much, for it was expected for months on a public stand without finding a purchaser.

Finally one, Professor Balletti, a curiosity hunter, happened that way, and proved a generous customer, for he offered the handsome sum of five francs for the dirty canvas. The old dealer jumped at the offer. He wants to change his mind now that he has learned that the professor has been offered and has refused 30,000 francs for the picture, which is apparently a genuine Vandyke.

\$1.50 to \$2.00
Boots for
Women
\$1.00

Annual Sale of Boots and Shoes

Our annual sale in this department always creates a sensation in Victoria. This one will be no exception.

Ten thousand pairs of boots for Men and Women will be sold at this sale; 10,000 spools of cotton is a lot, but think of 10,000 pairs of Boots and Shoes to be sold at a great sacrifice, in many cases one half their value. We have done it before, and now for a greater achievement in a Shoe Sale.

Women's Boots, regular \$1.50, \$1.75 and \$2.00, for \$1.00 a pair.

In this lot are Dongola Boots, self tip; Dongola Boots, self tip; Dongola Patent Tip, turn sole; Dongola Patent Tip "Juliet"; Dongola Kid Buttoned.

All the above at \$1 a pair
Fifteen different kinds of Women's Boots to be sold at \$2.50 a pair; regular selling prices, \$3.50, \$4.00, \$4.50 and \$5.00 a pair.

In this lot are Vici Kid Oxfords, patent tip, high heel, turn sole; regular \$3.50, Chocolate Southern Ties, turn sole; regular \$4.00.

DOMINION DAY.

Canada is on the eve of another confederation anniversary. The year upon which we are about to enter will be an especially notable one, inasmuch as it will mark, possibly not the final touch of the nation-builder as applied to Canada, but the erection of half a noble continent into a complete confederation of self-governing provinces stretching from the Atlantic Ocean to the Pacific. It was the desire of the Dominion authorities to celebrate the completed work of Canadian Confederation on Dominion Day of this year. But the fates in the form of an unduly sanguine opposition were against them.

A brain which thought itself endowed with preternatural cunning, or political foresight, had long entertained and cherished the delusion that the erection of the Northwest Territories into autonomous provinces of the Dominion would be a particularly favorable time for the Conservative party, of which the newspaper in which the foregoing bright brain expressed its opinions was an "independent" supporter, to lay the foundations of political success. As a consequence of the harboring of such a delusion, the organ in question was persistently clamorous that the Territories should be given self-government. The brain belittled its hopes upon the school question. It had been insinuating for considerably more than a year that there would be startling developments of a racial or religious character when the term upon which the new provinces were to be admitted were made known. Therefore it will be understood that the public mind was considered as carefully prepared for the agitation that subsequently developed. It would not have made a particle of difference what the terms of union were, the agitation would have been attempted just the same. Events have proved that the carefully-nourished and apparently adroitly-carried-out plan of campaign was but the figment of an unduly enthusiastic or perverted imagination. The conditions were not favorable for the contemplated crusade. Neither the political nor the religious boaster would respond with flame to the torch of the incendiary. The agitation did not agitate. All that has resulted is the postponement of the celebration of the birth of a united Canada.

To be candid, the portion of the Dominion we should expect to be chiefly interested in what in days to come will be an historic event did not seem to be particularly enthusiastic over the idea of holding a jubilee. This is the busy season for the agriculturists of the Northwest. The time of their greatest activity covers but a comparatively short period of the year. While that season lasts they must be up and doing. Furthermore, the greater number of them are but new-comers. They have not yet become properly seized of the national or the patriotic ideas which dominate or impregnate the minds of the true Canadian. They comprehend the conditions political as they exist at present. They know there will be no material change in these conditions when the provinces are endowed with full provincial powers. They are satisfied because they know that their representatives at Ottawa will see that nothing that will hamper them in future shall be engrafted upon the terms of union.

And so Canadians have passed triumphantly through what might possibly have proved a crisis in their national affairs. The anniversary of Confeder-

ation will be celebrated to-morrow with greater enthusiasm than ever before. The future will be looked forward to with greater confidence and hope. There are still great unorganized territories in the north capable of supporting millions of people. When their times comes Canadians will be in a position to properly estimate what the future holds in store for their country.

GIFTS FROM LAURIER.

It is gratifying to the Times to note that nearly all the prominent newspapers of the province of British Columbia are vying with each other in paying compliments to our esteemed and revered Lieutenant-Governor, Sir Henri Joly. Our contemporaries speak as though they had just discovered the virtues and the accomplishments of Sir Henri. When the news came from Ottawa that the grand old seigneur from Quebec had been appointed to the Lieutenant-Governorship of British Columbia the Times predicted that in his official capacity by reason of his long experience in state affairs and his inherently sound judgment and broad understanding, and in his social capacity by reason of qualities for which he had long been renowned, Sir Henri would establish starlings in the west which would be difficult of attainment by those who should succeed him. Some of our contemporaries, which were then in a critical mood, expressed their doubts respecting the wisdom of the choice of the government. And were by no means considerate of the feelings of the gentleman they are now overwhelming with their adulations.

The Lieutenant-Governor has, it seems, finally won their obdurate and critical hearts by the grace with which he has filled the chair of state and by the gentleness and courtesy of his demeanor to all with whom he has been brought in contact. This conversion, we need scarcely say, is very gratifying to us and quite a compliment to the government which made the selection. We have not the slightest doubt that when the actions in general of the Laurier administration become matters for the historian to deal with, when the expediency of political exigencies has ceased to exercise influence upon the utterances of the publications of the day, there will be no attempt to deny an obvious fact: that the general course of the Laurier administration has been productive of good not only to British Columbia but to all Canada. The proof of this is to be found in the hopefulness of the people of this country on this eve of the anniversary of confederation and in the general prosperity which commenced with the advent of the present government and has attended upon our movements ever since that bright day in the political history of the Dominion.

TO-MORROW'S RECEPTION.

Many distinguished men and bodies of men will visit Victoria during the present summer. The world has found us out, and it will not be satisfied until it knows all about us. Consequently we shall be receiving from now on, under the stimulative persuasiveness of the C. P. R., many of the men whose influence upon the destinies of countries and peoples is impossible of computation. We are about to receive and entertain the travelling and investigating members of the American Institute of Mining Engineers. This is the most influential body likely to enter our gates for many a day. Their influence is a matter of considerable moment to British Columbia, because the things they see and make notes of will be representative of the most important of our natural industries. It therefore behooves us to make a favorable impression upon these mighty solons and to put them in good humor with themselves and with us. The weather will do its part. No man can look upon Victoria and her environs on a smiling summer day without being affected by the spirit of Nature. But we must do all we can to assist Nature in her work of hypnotism. As part of the programme of entertainment a public reception will be held at the Parliament Buildings to-morrow evening. An effort will be made to impress the minds of the visitors with the charms of Victoria. The manner in which this will be done is explained in our news columns. The impression is not intended to be conveyed that by prodigality in the way of entertainment the minds of such a body of intensely practical men can be influenced in any reports they may have to make regarding our mineral resources. But it is well to have men in genial mood. It is good policy to make the time they spend here as agreeable as possible. That is the avowed object of the reception to be held to-morrow evening. And we hope there will be a large attendance, and that the affair will be in every way a success.

The Australian government has been defeated. That is news, of course. But the really live topic in Australia at present is the possible result of the test cricket matches which will be played in England during the summer.

The clouds still hang low over Russia. The fever of revolution is spreading with great rapidity. If the army becomes affected with the virus and the eyes of all except the monarch and the ruling classes begin to see red, the world will read an account of one of the greatest tragedies of history. Whatever happens, a greater measure of liberty will be accorded the subjects of the much to be pitied Czar. But the measure of the in-

BEAUTIFUL CUT GLASS

A few pieces of rich cut glass give a wonderful sparkle and brilliancy to the dinner table; while for wedding presents, nothing is more highly appreciated than this fascinating ware. We have just put in stock a new and beautiful assortment of fruit and salad bowls, celery dishes, vases, bon bon dishes, water pitchers and numerous other pieces, all of the richest cut, and the prices are remarkably low. We ask you to inspect the same, as we are confident the quality and prices of our goods will commend them to you.

crease of liberty will scarcely be commensurate with the price that will be paid.

To-morrow will be Dominion Day. Canada's own particular national holiday. Business will be suspended in the city. Nearly all the people will be off somewhere enjoying themselves; and consequently there will be no issue of the Times.

THAT RESERVOIR.

To the Editor:—In answer to "Citizen's" letter in your last night's issue, the British Columbia Electric Railway Company has not now, nor ever has had, the slightest interest in the filling or the excavating of the tank at the corner of Johnston street. —a company is quite content to leave such matters to the good judgment of the fire warden and the city council.

ALBERT T. GOWARD,
Local Manager.

DR. EATON CONGRATULATED.

Upon Receiving Degree D. C. L. From Acadia University.

A short time ago Frank H. Eaton, M. A., superintendent of the Victoria schools, received from the University of Acadia College, the degree of D. C. L. In recognition of his able efforts in the field of education. In this connection the following from the Daily News of Truro, N. S., will be read with interest: "The Educational Review in congratulating F. H. Eaton, M. A., superintendent of schools for Victoria, B. C., on receiving the degree of D. C. L. from Acadia College, says: 'Dr. Eaton is fittingly remembered for his former excellent work in the Nova Scotia Normal school, and he is regarded as one of the strongest and most capable men in educational circles in the West.'"

It is somewhat of a coincidence that about the same time Mr. Eaton's brother, Rev. A. W. H. Eaton, M. A., of the diocese of New York, received a similar degree from the ministry of King's College, Windsor, N. S. Both Doctors Eaton are graduates of Harvard University.

Victorians are certainly in a position to appreciate the honor conferred upon Supt. Eaton by the eastern university. As an educationist he is regarded on all sides as among the most capable in Canada, his services in that calling in the West being eminently successful and praiseworthy.

SUNDAY'S CHURCH SERVICES

EMMANUEL BAPTIST.

Pastor, E. Le Roy Dakin, B. A. Services conducted by the pastor at 11 a. m. and 7 p. m. The pastor will preach at both services, subjects being "Paul on Inspiration" and "The Heavenly Vision." Bible school at 2.30 p. m. Prayer meeting, Thursday at 8 p. m. All welcome.

—Go to Bazar Bay on Dominion Day. The V. & S. trains will run an excursion to that point, or Sidney, for adults 35c, children 25c. Be sure you have your baskets. Afternoon tea and refreshments on the grounds.

—The funeral of John Little will take place from the Salvation Army hall on Sunday at 1:30 p. m.

—The only store in Victoria devoted exclusively to clothing men, youths and boys is the Fit-Reform Wardrobe, 73 Government street.

—Remember that to-night at 8 p. m. the great drawing takes place that will decide whether you go to Portland or stay home. Bring your coupons and be on deck at H. T. Cole's, Pritchard house, Yates street.

—The beauty of flowers is considerably enhanced by display in pretty vases. You would have no difficulty in selecting from our present stock, which includes an immense variety of both crystal and tinted; 10c each up, Weller Bros.

—Men's \$1.50 canvas boots, now \$1.00; men's \$1.25 canvas Oxfords, now 85c; great reduction in ladies' fine kid boots and slippers. Watson's Shoe Store, Yates street.

—On account of the low state of the tides the steamer Princess Victoria will sail from the outer wharf to-morrow morning.

—H. M. S. Shearwater left for Vancouver yesterday to be present at the Dominion Day celebration in that city.

—The schooner Belboa, which was sighted by the ship Nivelle about two weeks ago, passed up from sea this morning.

—The Full court yesterday afternoon adjourned until Monday morning. The argument in Sayward vs. Dunsinuir was completed, judgment being reserved.

—Steamer Whittier, with oil from San Francisco for the Vancouver sugar refinery, passed in from sea this morning. The Vancouver sugar refinery has been using oil as fuel for nearly a year.

—The last copy of the Canada Gazette contains notice of the appointment of P. S. Lampman as Judge of the County court of Victoria and F. McR. Young as Judge of the County court at Atlin. The notice is dated June 14th.

—The U. S. S. Company's steamer Camosun will be placed in commission next week on the run between Vancouver and Northern British Columbia ports. The steamer will sail from Vancouver on Tuesday next at 8 p. m. for the Neas, Port Simpson, Port Eslington, Rivers Inlet and other points.

—A meeting of the protest committee of the junior baseball league was held last evening at the Y. M. C. A. rooms. Two protests were decided, one of the Oak Bay team against the "8c" team, alleging that the latter played an intermediate, and one by the Y. M. C. A. against Beacon Hill for playing men over age. Neither protest was sustained.

—The little waiting room at the end of the Douglas street car line received a severe jolt yesterday when a heavy brick wagon drawn by a span of runaway Clydesdales came thundering into it. The building was jarred from its foundation stones. The tongue penetrated the side and demolished one of the benches within, which, fortunately, was unoccupied at the time. The team was frightened by the blowing of a whistle.

—A dispatch from Nanaimo says: "The small sloop sighted by the Dolphin in the Gulf on June 20th was undoubtedly the Ommonit, stolen from here on June 18th. The sloop has been towed from Plumper Pass by Japanese to Stevenson, and is now lying at the Phoenix cannery. A half-breed tried to tow her ashore at Cowichan Gap the same day as the Dolphin sighted her, but failed, though he used the sails. The halyards had been cut, as if the men tried, too late, to let the sails down in a hurry just before he capsized."

—Complaints have been lodged with the city council against the fire which has been smouldering in the rubbish in that portion of the flat back of the Reformed Episcopal church. Certain parties secured permission a few weeks ago to burn up some old paper thrown there, but the fire being started in an unexpected place has burned down to some old brush that had been used in the filling in of the flats and has smouldered away ever since. Instructions were given at last night's meeting of the city council for the fire to be immediately checked.

—An inter-club chess tournament will be played between representatives of the Victoria and Vancouver Associations to-morrow by telegraph, the wires of the C. P. R. having very kindly been placed at the disposal of the players for the occasion. Five or six games will be in progress at the same time, and the tournament has been arranged to commence at 8 and close at 12 o'clock. The headquarters of the local players will be the offices of A. S. Innes, T. H. Piper and W. Sprout have been selected as the Victoria and Vancouver umpires respectively. The following players will represent the local club: Messrs. Gibson, Meyer, Perry, Gossman, Wilmer, Lombard and Innes, and Capt. Mitchell.

—Appended are the police statistics for the month: Perjury, 1; assault, 6; breaking and entering, 1; drunk, 17; infraction of militia regulation act, 1; stealing, 6; obtaining goods under false pretences, 1; indecent exposure, 2; keeping vicious dog, 2; infraction of provincial revenue tax act, 5; malicious injury to property, 1; assaulting police, 1; possession of intoxicants by Indians, 2; supplying intoxicants to Indians, 1; infraction of Liquor Traffic Regulation Act, 1; burglary, 1; infraction of revenue by-law, 1; infraction of health by-law, 1; infraction of fire by-law, 1; infraction of bicycle by-law, 1; found on premises for unlawful purpose, 1; infraction of street by-law, 1.

PIONEER EXPLAINS WILD MAN MYSTERY

HOW AN AMERICAN BECAME AN OUTCAST

**W Hallgren Claims to Have Met
Strange Character Years Ago
His History**

From time to time reports have been received from sparsely settled portions of the interior of Vancouver Island of the appearance of a "wild man" who, from what can be learned, lives the life of a beast, subsisting on the roots of trees, shell fish and whatever else nature in her bounty supplies. Only a few weeks ago a resident of the Alberni district wrote to Victoria stating that he had met the "wild man" while riding a bicycle along a lonely country road, and asking whether, should he chance to come in contact with such a miserable creature to a close through the use of the rifle.

As a result of this report Wm. Hallgren, a well-known Victorian, called at the Times and made the very interesting but no less startling announcement that he recognized in this "wild man" a former acquaintance of his. Mr. Hallgren, former resident of Alberni, states that about thirteen or fourteen years ago a man came to Victoria from the American side and engaged in sealing, then the principal industry of this port. However, he didn't follow this occupation for long, but made his home at Alberni. While there his mind became deranged, and he began to live with the Indians. At first the natives accepted his companionship, not only willingly, but with pleasure, even going so far as to place him in charge of one of their sailing schooners. "Pete," the only name by which he was known, was the name of a seaman, Mr. Hallgren says, and wrecked the vessel on the shore of Alberni. At first the natives accepted his companionship, not only willingly, but with pleasure, even going so far as to place him in charge of one of their sailing schooners. "Pete," the only name by which he was known, was the name of a seaman, Mr. Hallgren says, and wrecked the vessel on the shore of Alberni.

It was in 1890, while a member of the crew of the schooner Mascot, that Mr. Hallgren first came in contact with this strange character. He was then living with the Indians at Williams Island, Barclay Sound. While the ship was anchored in the neighborhood the Indians reported that a white man was living on the island, and the captain decided to find out whether he could be of any assistance. "Pete" was brought on board in an absolutely wild condition with only a few strips of clothing, and with an appearance, and withal apparently perfectly happy. During his years of life among all kinds of hardships his body had become hardened, and despite the lack of clothing, he didn't mind the roughest weather and, what is more, could eat and appreciate almost anything that was laid before him. For a fortnight "Pete" lived with the sailors, and then one day he made his escape. At the request of the captain the Indians organized a search party, and the "wild man" was found sitting close to a little fire near the beach enjoying a supper of half-cooked shell-fish. "Pete" absolutely refused to come back to Victoria when offered passage on the sealing schooner, and, before leaving, the captain gave him instructions to the Indians to take him back to civilization.

Since then Mr. Hallgren learned that the tribe became tired of his company, and rowing him down Alberni canal placed him in the bush to fatten for himself. From that time nothing has been heard except occasional reports of "wild man" from different parts of Vancouver Island. In view of the fact that "Pete" was gifted with an iron constitution, could subsist on the most meagre of food for days, besides deriving a living from nature where others would starve to death, and also being accustomed to the climatic and other conditions from his long residence with the Indians, Mr. Hallgren is confident that the "wild man" frequently seen in some other than his former acquaintance "Pete."

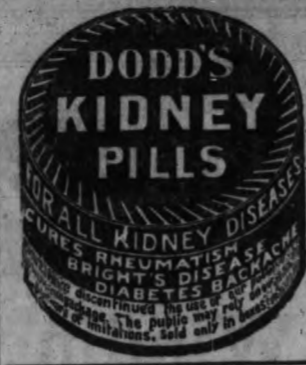

Colds

It should be borne in mind that every cold weakens the lungs, lowers the vitality and prepares the system for the more serious diseases, among which are the two greatest destroyers of human life, pneumonia and consumption.

Chamberlain's Cough Remedy

has won its great popularity by its prompt cures of this most common ailment. It aids expectoration, relieves the lungs and opens the secretions, effecting a speedy and permanent cure. It counteracts any tendency toward pneumonia.

Price 25c, Large Size 50c.

colder. But the land is very fertile and seems capable of producing anything. Irrigation is a very simple matter where good streams flow over wide level benches. Even the Indians are irrigating. As usual they have some of the best land in the district.

VANCOUVER.

Apparently the courts will be kept busy for some time adjudicating claims for damages arising out of the present fight between the city of Vancouver and the British Columbia Telephone Company, for a writ against the company is to be issued forthwith by Mayor Burroughs on his personal account, says Wednesday's Province. His Worship's decision to go to law was reached as a consequence of the action of the telephone company in issuing a writ against him personally in the amount of \$50,000 for alleged damages sustained because of interference with the company's work of laying its wires underground. All that is delaying the action is the determination of the amount of compensation which the courts shall be asked for. To-day His Worship and his solicitors are making an effort to reach a conclusion regarding just what amount of damages can be reasonably asked. The damages claimed will be for alleged malicious injury to the business credit of His Worship through the issuance of the writ yesterday by the telephone company.

IT MUST BE WELL FOUNDED

STEADY GROWTH IN POPULARITY OF DODD'S KIDNEY PILLS.

Made by Cures Like That of Simon V. Landry—He Tells About It Himself.

River Bourgeois, Richmond, Co. B. —June 30 (Special)—Among the many men in this part of Canada whom Dodd's Kidney Pills have relieved of aches and pains and weakness and made strong and able to do a good day's work is Mr. Simon V. Landry. Mr. Landry has numerous friends here who can vouch for the story he tells of his cure.

"I was bothered for over a year," he says, "with lame back, weak legs, palpitation of the heart, general weakness and shortness of breath; in fact I could not work and was a total wreck. I could not get anything to help me till I tried Dodd's Kidney Pills. But they did me good and, no mistake, I used three boxes and I'm back at work again."

It is the cures they make that make Dodd's Kidney Pills so popular. Their popularity has grown steadily for thirteen years. It must be well founded.

FIRE AT METLAKAHLA.

Indian Village in United States Territory Believed to Be Destroyed.

A report from Seattle is to the effect that Metlakahla has been destroyed by fire. Indian Agent Morrow, who is in the city, was seen with reference to this, and says that the Indian village is not the one in Canadian territory, but is about seventy-five miles northwest in Alaska. This latter village contains perhaps 800 inhabitants. It is the result of the exodus led by Father Duncan some years ago from the old Metlakahla village.

The place reported destroyed by fire was peopled by a very industrious band. Under the charge of Father Duncan they had made considerable advances. A sawmill and cannery existed there run by the Indians themselves. The cannery had a capacity of about 25,000 cases a season. Mr. Morrow does not think that a single white man was employed in the cannery, the whole work being done by the Indians.

The loss will be very heavy if the place has been destroyed. Moreover it is highly probable that there was no insurance, as the Indians are not easily induced to put insurance on their property.

BIRDS RUIN A BRIDGE.

Because woodpeckers and yellow-bellied sapsuckers have been busy in the county bridge across Eagle Creek, four miles southwest of Hartford, Conn., the county commissioners have condemned the bridge as unsafe.

MARTINKE OPENS WITH A HOME RUN

NEW PLAYER IS NOW
IDOL OF THE FANS

Excellent Baseball Match Yesterday—
Clark Wins Fight From Vasser
In Eighth Round

The Victoria baseball team suffered defeat yesterday at the hands of Bellingham by a score of 5 to 3. Local fans had the opportunity, however, of seeing a number of the new players for the first time. Kase included Jacobs, Earle and Martinke. The trio acquitted themselves well, and if their playing continues as good as it was yesterday they will be decided acquisitions to the team.

Martinke, the new left fielder for Victoria, was easily the idol of yesterday's game. He has an unassuming manner, but at the same time is always "on the spot." His introduction to the fans was a most sensational one. Going to bat in the first inning he made a heavy hit to left, scoring a home run. Needless to say this performance called for all the applause the bleachers and the grand stand could make. This placed him in the front rank as a batter, and on his appearance after he was given a grand reception. Unfortunately in the seventh inning he was struck out at a critical time when the bases were full. This was all the more disappointing in view of the fact that of the three times to bat, he was the only one on which he did not hit the ball, and on three of these occasions he reached first safely.

Jacobs, the new outfielder, was put on third base yesterday. He certainly played his position well. Earle as short stop played perfect ball. He stopped the ball in a clean-cut manner and put to first with unerring precision.

Irby in center field played his position well and also did good work at bat. Only one error stood against Victoria throughout the game. When in the fourth inning the home team made 2 runs, making the score an even one. It looked as though Victoria might at least make it a tie. In the seventh, however, Victoria's chances looked good. With the bases full and no one out, Martinke then came to bat and hope ran high. He, however, selected a high ball for his third strike and was retired. Hutchison then went up to bat and still there was good hope. A fly to right, however, retired the batsman.

In the eighth inning a somewhat similar situation occurred with Bellingham at bat. Galaski in the pitcher's box showed himself incapable, however, of engineering the play as Spevick for Bellingham had done. In consequence he let in two runs and lost the game. After two had reached bases, one on balls and the other in consequence of a base hit, Galaski allowed Donovan and Spencer to walk to first on balls, bringing in one of the runs. The other followed in after try to centre. Galaski showed himself weak when a critical situation presented itself.

Huston umpired. His decisions were generally good, but in the sixth inning he gave a very bad one. He called a foul on Earle which was unmistakably a base hit. To-day Boyle will pitch for Victoria.

The score by innings was as follows:
Bellingham 1 1 0 1 0 0 0 2-5
Victoria 1 0 0 2 0 0 0 0-3

Following are the detailed scores:

	B. P. O. S. E.	B. P. O. S. E.
Irby, c. f.	5 0 0 3 1 0	5 0 0 3 1 0
Jacobs, 2 b.	5 0 0 3 1 0	5 0 0 3 1 0
Martinke, 1 b.	5 0 0 3 1 0	5 0 0 3 1 0
McMann, r. f.	3 0 1 0 0 0	3 0 1 0 0 0
Hewlett, 2 b.	3 0 0 3 1 0	3 0 0 3 1 0
Earle, c. f.	4 1 0 3 4 0	4 1 0 3 4 0
Ford, s.	2 0 0 5 1 1	2 0 0 5 1 1

Downie, 2 b. 5 0 0 0 3 0
James, 1 b. 5 0 2 3 3 0
Mahon, 3 b. 5 1 1 1 1 3
Druhot, 1 f. 4 2 3 1 0 1
Spevick, p. 4 1 2 1 3 0

Summary—Earned runs, Bellingham, 2; Victoria, 1. Home runs, Martinke, Three base hit, Mahon. Struck out, by Spevick, 6; by Galaski, 4. Bases on balls, off Spevick, 4; off Galaski, 7. Wild pitch, Spevick. Sacrifice hits, Spencer, Hewlett, Earle, Stolen bases, King, 2; Donovan, Drennan and Hutchison. Left on bases, Bellingham, 11; Victoria, 10. Time of game, 2 hours Umpire, Huston.

GAME TO-NIGHT.

The Beacon Hill and Y. M. C. A. Junior teams will try conclusions this evening. Play will commence at 8.45 o'clock at the Athletic grounds. W. Kinsman will act as referee.

MATCH DEFERRED.

The league game scheduled to be played last evening between the St. Louis and Springfield teams was postponed by the former by default, their opponents failing to make an appearance.

HOW THEY STAND.

The present standing of the Junior league follows:
Played. Won. Lost. P.C.
St. Louis 6 5 1 .833
Beacon Hill 5 3 2 .600
Oak Bay 5 3 2 .600
Y. M. C. A. 5 2 3 .400
Springfield 6 1 5 .166

THE OAR.

HARVARD DEFEATED.

New London, Conn., June 29.—The Yale Varsity crew this afternoon wrestled a victory from Harvard in the annual four-mile race on the Thames by the length of an oar. Rowing for four miles with the shells lapping and the graceful crews almost side by side, the Harvard crew almost lost the race between the strokes, the Yale boat crossed the finish line three-quarters of a

length ahead of the crimson. Yale won by two and one-half seconds. The blue crew was 22.35% Harvard 22.36.

Such a race has never before been rowed in the twenty-seven years of racing between these old rivals.

Coach Wray, of the Harvard crew, had almost conceded that his eight had practically no chance to win. But Wray sprang a surprise on Yale, and to-night his name is on the lips of every lover of rowing as the coming rival of John Kennedy, the professional coach at New Haven. Wray says the Thames three weeks ago in an unknown crew. He will go back to Boston as the first professional who has inspired absolute confidence in Harvard.

The wind, which threatened to kick up the river early in the afternoon, had calmed down and was blowing almost across the course and just quivering the bows of the shells. It was a hard wind to row against and the coaches saw there was no chance for fast time. The tide was running up stream strong, but the crews had the advantage of the wind.

Under prevailing conditions, the time made to-day was fast. Harvard's splendid showing in the Varsity race was not the only consolation which the crimson got to-day.

Coach Wray had the additional satisfaction of winning both the Freshmen eight and the Varsity four-oared races. In these two Wray gave still another demonstration of his ability as a coach. Before the races he frankly said that Harvard's Freshmen crew more nearly represented his ideas of rowing than the Harvard Varsity. Wray therefore not only fulfilled every prediction which he made himself, but he far more than fulfilled Harvard's expectations.

FIEB KING.

CLARKE KNOCKED OUT VASSER.

Bert Clarke put Tony Vasser hors d'combat in the eighth round of their contest at the Redmond Theatre last night. The fight was scheduled for twenty rounds, but from the start it was quite evident that something would happen before the limit was reached. While it lasted, however, it was lively and goy enough to satisfy the most sensational Vasserite face wearing a Golden Gate sunset effect that was almost startling in its vividness. There were few spectators, so few that there must have been comparatively little in the way of monetary compensation for the principals for the amount of pasting they received. Besides this event there were a couple of preliminaries.

Clarke had the advantage in height and reach, while Vasser had weight—enough to spare a considerable margin. This handicapped him not a little, and would have been the case for him had the latter decided to play a waiting game. Fortunately for the exhibition the Victoria boys raved and took from the first tap of the gong. Nobby Clarke, of Work Point, was referee. The pair began to mix things from the start. The blows that landed were not love taps and each man plainly meant business. Clarke made a target of Vasser's face, varying occasionally by some jabs to the body. A series of exchanges to the face characterized this round, but neither was hurt.

Similar proceedings marked the second round, in which Clarke showed marked superiority over the stockier Vasser. The latter puffed like a donkey engine when he went to his corner and there was little doubt that, saving a chance knockout, Clarke had the game in his hands. By the time both men began to wear marks of the fray, Vasser had some prismatic discolored spots on his face, while Clarke had a bad left ear. The fourth, fifth and sixth rounds were as fast and furious as the others, but Clarke was clearly outgunning his man. Vasser could have troubled him and he played a little tattle on his ear, but this he was unable to do. Once he put Clarke on his feet, but the latter was in no danger. In the seventh round Vasser began to show decided signs of his hard work and grilling, and got very wobbly. By this time his face was a maroon-purple-bleed. In the eighth, well exhausted, he went down under a fierce right and left to the face, and was counted out. He frankly acknowledged that Clarke was too much for him. Both men fought with their usual hearts. There was no lack of steam behind their blows, and most of these were directed to the face. The clinches were few, and the fight was won entirely upon its merits.

The preliminaries were tame. The first was a four-round go between Hill, a young brother of Colie Hill, and Wilkes, a blonde-haired lad from Salt Spring Island. Hill showed himself easily the master of the other, who would be no match for many a husky young boy slinger on the picturesque Gulf Island from which he came. Ford and Neelings, both Tommy Atkinses from Work Point, made up the other preliminary. They went four rounds for a draw.

LACROSSE.

VICTORY FOR CENTRALS.

If the Victoria seniors are not yet sufficiently strong to cope with the New Westminster and Terminal City stars, there is material developing among local intermediates that will serve to make the home twelve fast enough to capture the British Columbia championship. Those who witnessed last night's game between the Victoria West and Central teams, which was won by the latter by a score of 3 to 1, or have seen any of the matches of the series must acknowledge that the sports of Victoria show an adeptness in handling the stick that give promise of great things within the next couple of years. The game last evening was as pretty an exhibition of the Canadian national game as the most critical could desire. True, there were times when both teams played rather slovenly, but, taking it all through, the contest was really a treat from the standpoint of the spectator.

It was really a treat to watch and not perfect understanding that existed between the players comprising the Central twelve. This team has been beaten only once or twice since its organization, and then by the narrow margin. Such a record can be achieved in but one way, and that is close attention to practice and constant training. When the club was formed its members selected the motto "never ease training," and an unwritten rule was adopted to the effect that those who attended a certain number of games previous to a league match should be given preference in choosing the team. Thus the Central have grown to have confidence in one another, and, through continual intercourse, have evolved a method in their play which would do credit to any senior twelve of the British Columbia league.

For last night's winning twelve it would be difficult to pick out any individuals for special mention. Everyone, with perhaps the exception of Dougal, played a first-class game, and it is unfair to criticize that player on his last evening's performance as he has not been in training. The two star players, Morris and Crawford did particularly well. In this connection it might be mentioned that the Central claim the Victoria West team played thirteen men last evening. As the discovery was not made until after the match no action was taken at the time.

For Victoria West, Campbell in goal put up a creditable game as did also Alex. Stevens.

F. Smith gave satisfaction as referee.

MR. CARMICHAEL'S CASE.

To the Editor:—Mr. Herbert Carmichael, a very estimable citizen, very properly protests against the unreasonable conduct of the city authorities in suing him for riding on the sidewalk at a spot in the highway impassable for vehicular traffic, and makes so by the neglect and carelessness of the city authorities themselves. But what would Mr. Carmichael say to paying heavy taxes for the privilege of owning and living upon a piece of property within pistol shot of the end of the tram line in the town's quarter, par excellence, of Victoria, namely, Oak Bay, and not even the semblance of a road to the said property? The residents on Esquimalt way have, indeed, a road; we dwellers on Oak Bay, at the point to which I have reference, have no road at all. In the rainy season the whole area behind Oak Bay park is an inland sea. All we need there are steam launches or gondolas, and we could get along in winter without a road. Again and again the residents of the neighborhood have protested to the provincial government—for the area is just outside city limits; again and again the government has promised to afford the thousands of tourists who pass to and fro through that neighborhood the desired footway, and again and again these easily-made promises have been broken. We residents of Oak Bay immediately contiguous to or behind Oak Bay park have no road, yet the taxes on property hereabouts are scandalously heavy. The condition of affairs is a disgrace, not only to the provincial government, but also to the city of Victoria, which pretends to take some kind of remote interest in the welfare of the visiting stranger. That no road should have been put through from Oak Bay, past Dr. O. M. Jones' estate, to Shoal Bay from the end of the Oak Bay car line is a marvel to persons accustomed to modern ways of doing things. No wonder the tourists smile incredulously when, stepping off the car at that point, they seek the nearest way to Shoal Bay, and remembering the high-priced felaves about Victoria's superiorly placed "in and around the city," they strike a cow trail through a tangled bush, wild as the heart of a forest primeval, trying to find their way to Shoal Bay beach. Something should be done to remedy this glaring defect in Victoria's accommodation for the tourists—if not for the despoiled and negligible settlers. Mr. Carmichael ought to be thankful to have a road however bad; we have none, unless it be that which is paved with provincial government promises and leadeth easily to Avernus.

EL NIDO DE ROBLES.

A "MISCHIEF MAKER."

To the Editor:—Your invitation to "some municipal mischief maker to stir things up a bit" seems almost too tempting to resist, especially as the opportunity and necessity for some stirring up seem quite abundant just at present.

Our Mayor has come out very strong on legal opinions. He presented one at the last meeting of the council which puts a quietus on the Spring Ridge sewer, for a time at least, if not for good. He also wants the school board to join with him in securing a legal opinion as to the merits of the case in dispute between that body and the council. While he is in the business of securing legal opinions it might be worth while for him to consult some good lawyer, or the Supreme court, on the following matters:

1st. What authority has the city council for its vote of \$4,400 to the Tourist Association? If the money is being paid out on the simple vote of the aldermen, without a shadow of law to justify them in so doing, could not the Mayor and aldermen be sued for the amount and made to return it into the city treasury?

2nd. What authority has the Mayor and aldermen for paying ten or eleven thousand dollars for a site for the Old Men's Home, when the by-law authorizing its purchase limited the amount for the site to half that sum, or less? Did some one very close to the Mayor and aldermen make a commission on the sale of that property to the city? If so, who was it, and how much was the rake-off?

3rd. Was there a commission made on the sale of the two lots at Spring Ridge from which the 10,000 yards of gravel is now being taken? Was the sale to be contingent upon the contract being entered into by the city, and does that account for the milk in the cocoanut in connection with that whole discreditable transaction?

It will, of course, only be necessary to hint to our Mayor that these things might possibly be worth investigating to have it done at once. For he is not very very anxious that the law, with all its dignity and majesty, should be adhered to in the very letter? Has he not shown it in the Spring Ridge sewer matter, and in his dealings with the school board?

Victoria, June 28th.

In the time of Queen Victoria, once or twice cards for the state balls have been presented by others than the original guests, but with the alterations now introduced through every section of the court such a thing would be impossible.

Vigorous Health Is the Great Source of the Power to Inspire and Encourage.
—All Women Should Seek It.

One of the most noted, successful and richest men of this century, in a recent article, has said, "Whatever I am and whatever success I have attained in this world I owe all to my wife. From the day I first knew her she has been an inspiration, and the greatest helpmate of my life."

Mrs. Bessie Ansley

To be such a successful wife, to remain the love and admiration of her husband, to inspire him to make the most of himself, should be a woman's constant study.

If a woman finds that her energies are flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headaches, bearing-down pains, nervousness, whites, irregularities or the blues, she should start at once to build up her system by a tonic with specific powers, such as Lydia E. Pinkham's Vegetable Compound.

Following we publish by request a letter from a young wife:

Dear Mrs. Pinkham:

"Ever since my child was born I have suffered, as I hope few women ever have, with inflammation, female weakness, bearing-down pains, backache and wretched headaches. It affected my stomach so I could not enjoy my meals, and half my time was spent in bed."

"Lydia E. Pinkham's Vegetable Compound made me a well woman, and I feel so grateful that I am glad to write and tell you of my marvelous recovery. It brought me health, new life and vitality."—Mrs. Bessie Ansley, 611 South 10th Street, Tacoma, Wash.

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Ansley it will do for every sick and ailing woman. If you have symptoms you don't understand write to Mrs. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

Try on one of our new straw hats. They're light in weight, and so soft that they conform to the head without pinching; are made of good English straw, of fine quality, can be washed without breaking the straw, and are inexpensive.

75c., \$1.00, \$1.25 and \$1.50 each.

Styles to suit boys, youths, young men, middle-aged men, and those further along in the journey of life.

W. G. Cameron,

PERSONAL.

H. E. Crotty, of the firm of Crotty &
Love, Mrs. Crotty and daughter, Mrs. Love,
have left for Winnipeg after spending the
spring months in Victoria. They visited
California soon after arriving on the Coast,
but came back to this city, preferring the
climate and scenery here to be found in that
west with in the South. They intend re-
turning to Victoria in October.

A. A. Arthur, a capitalist of New York,
44 in the city, in company with John Cain
and Mrs. Cain, of Port Angeles, Mr. Arthur
has come to the Pacific Coast to look into
conditions. He has in view investments
which are not revealed at the present time.
Mr. Arthur is a cousin of the late ex-Pres-
ident Arthur.

Mrs. Drewry, of New Denver, B. C.,
wife of Will T. Drewry, of the provincial
topographical survey, who has been spend-
ing several days in the city, left for home
this morning.

Mrs. F. S. Hussey has gone to Vancouver
to spend a few days visiting her sister in
that city.

Married at Williams Head.

Mr. John Wallace and Miss Mary Parker
United in Wedlock.

A wedding of much interest in local
circles of Victoria and Metchosa was
the marriage last night in the latter place
of Miss Mary Parker, eldest daughter
of Mr. Thomas Parker, of Rocky Point,
to Mr. John Wallace, steward of the
Williams Head quarantine station. The
ceremony was performed by Rev. W.
Baugh Allen, in St. Mary's church,
Metchosa.

The church was decorated elaborately.
The best man was Mr. James Wal-
lace, brother of the groom, and the
bridesmaid was Miss Ada Parker, sister
of the bride. She was prettily attired
in white batiste, with girdle of pale
blue, and large white hat done with
white silk rosettes, and carried a shower
bouquet of pink carnations. The little
flower girl, the Misses Edith Parker
and Eva Humblity, wore delicate white
frocks with wreath of white roses and
carrying pretty rose baskets. The bride
in white crepe de chine, with ribbon gar-
land trimming, real orange blossoms in
her long tulle embroidered veil, was
greatly admired. She wore the groom's
gift to the bride, a set of three pearl
brooches. His gifts to the bridesmaid
was a gold chain bracelet, and to the
flower girls gun pins. The bride wore
as well the presentation gold locket and
chain of the King's Daughters circle of
Metchosa, and carried a large shower
bouquet of white roses and stephanotis.

The service in the church was fully
choral, under the direction of Mrs.
Fisher. The organ was played by Miss
Gordon, who rendered Mendelssohn's
Wedding March as the bridal party left
the edifice.

After the ceremony a reception was
held in the Metchosa hall. The newly
married pair stood under an arch of
white garland, with pink roses and
banded with ferns, and received the con-
gratulations of about 200 friends as-
sembled to greet them.

Supper was spread on long tables and
all sat down to the bountiful repast pre-
pared by the hospitable hand of Mrs.
Parker. The bride's table was decorated
with maiden hair fern and bride
roses. The hall itself was nicely decorated
by the men from the quarantine sta-
tion. Over the wedding table were fea-
toned streamers of white dentail, green
ferns and white ribbon. The health of
the bride and groom was proposed in a
felicitous speech by Rev. Baugh Allen,
evoking great applause. The health was
drunk amid great enthusiasm and cheer-
ing, and all joined in a hearty rendering
of "For They Are Jolly Good Fellows."

Tonight of the bridesmaids, proposed by
Mr. John Jardine, and of Mr. and Mrs.
Parker were heartily responded to.
Later dancing was enjoyed up to an
early hour this morning.

A great feature of the occasion was
the lighting of the hall by electric light.
Mr. Carter, electrician of Williams Head,
had come to erect a temporary wiring
place and installing a battery for the
occasion, a favor greatly appreciated.

Miss Parker was born in Metchosa,
the daughter of old residents, Mr. Parker
having been for years the well
known owner of the stage line to Victo-
ria and a popular rancher of the neigh-
borhood. Mr. Wallace has been for
three years president of the Farmers' In-
stitute, the last two years being elected
unanimously. He is now Deputy Grand
Master of the Orangemen in British Co-
lumbia, a fact complimented by the pres-
ence in the church of orange lilies and
blue hardiase in part of the decorative
scheme. It is safe to say that few young
men anywhere have a larger circle of
friends than has Mr. Wallace, and the
popularity of both Mr. and Mrs. Wal-
lace was well evidenced by the number
and beauty of the gifts, compliments
among these being a silver coffee service
from the employees of the public works
at the quarantine station, a dinner set
from the crew of the Earl, and a framed
picture from the True Blue Lodge, No.
37.

At the home of the bride's mother
on Hampshire road on Thursday even-
ing, Rev. G. K. R. Adams united in mar-
riage Edith Noble and Mr. John Chap-
man, of Victoria. The happy couple re-
ceived many handsome and useful pre-
sents. Mr. and Mrs. Chapman will
make their home in the city.

LOCAL NEWS.

—Steamer Princess Victoria left Van-
couver at 1.05 this afternoon, after con-
necting with the train.

—The Sabbath school picnic of St.
Paul's church will be held at Oak Bay,
same place as last year, on Labor Day.
Special cars will leave foot of Henry
street at 10 a. m.

—The record of fires and losses for
June follows: Second, 10.30 p. m., fire
on wharf, at foot of Johnson street,
caused by sparks; 4th, 2 p. m., fire at
old Truck and Dray office, foot of John-
son, caused from fire in grate, loss \$20;
6th, 3 p. m., fire on roof of cottage next
St. John's church, loss \$5; 9th, 11.05 p.
m., fire at Taylor Mill dry kiln, cause
spontaneous combustion, loss \$500; 11th,
12.15 p. m., fire on roof of Windsor
hotel, spark on roof, loss \$250; 12th,
1.55 p. m., fire, tar in pot at Metson's;
12th, 8.15 p. m., fire, false alarm; 27th,
3 p. m., fire, tar in pot at new C. P. R.
wharf; 28th, 8.50 p. m., fire in cottage,
Pandora street, lamp upset; number of
fires since, loss for month, \$327.50. There
were 64 fires during the past six months,
the loss being \$18,200. Of this amount
\$15,000 is attributable to the fire at Lens
& Leiser's factory on the night of
January 31st.

—The George Carter Company, Ltd.,
are reporting valuable additions to their
agency list. Messrs. Batger & Co., of
London, England, one of the oldest and
best houses in the world for candied
peels, confectionery, etc., who up till this
time had centred their Canadian agency
at Montreal, have now divided the ter-
ritory, and appointed the above named
Victoria firm as their sole agent for Brit-
ish Columbia. The Anglo-Belge Glass
Association, composed of the best of the
English, Belgium and continental glass
manufacturers, have appointed this well
known firm as their sole agent, evidently
realizing that Victoria can be used as a
good distributing centre. This agency
was secured for Victoria after many ap-
plications from Vancouver and Winni-
peg had been refused. The Nelson Cup
of Fortune agency has likewise been
placed with the local Victoria firm of
Carter & Co. This last is probably one
of the latest novelties in the world, it be-
ing a teacup wherein one can tell their
fortune better than by the use of a
gipsy. This is the latest fad in London.

—To-morrow being a holiday there will
be two matinees at the Grand theatre,
at which children will be admitted for
the low price of five cents, and the week
will close with three performances to-
morrow night, beginning at 7.30, 8.30 and
9.30, which will be the last opportunity
of witnessing the excellent programme
which Manager Jamieson is offering for
the edification of his patrons this week.
Miss Marie Sparrow, comedienne; Don-
ald and Fred, song and dance; Glen-
ville and Russell, comedy sketch; Par-
ish, ventriloquist; and Frederic Robert in il-
lustrated song, all contribute to a splen-
did bill, which is closed by a most amu-
sing line of moving pictures, illustrating
the trials and final punishment of a
bigamist. The headline item for the
coming week is the famous sheik, Hadji
Tahars, troupe of seven Arabs, dusky
sons of the desert, who astonished the
patrons of the Grand several months ago
by their agility and marvellous athletic
feats. Besides the Arabs there will be
Eddie Ernie, the world's greatest mono-
noid, equilibrist, acrobat and dancer;
Evel Hayden, the Paderewski of the
concertina, and Bingham and Thornton,
who will present an amusing and original
sketch from Weber and Field's extraor-
dinary, "Holly Tolly," entitled "She's
After a Husband." Frederic Robert will
sing the illustrated song, "When My
Golden Hair is Turned to Silver Grey,"
and a new and interesting line of moving
pictures will conclude what should prove
one of the best bills of the season.

WOMAN'S SUFFRAGE.

(Special to the Times.)
Portland, June 30.—Susan B. Anthony
presided over the session of the National
Woman's Suffrage Association yesterday.
Governor Chamberlain, of Oregon, and
Hon. Jefferson Myers, in welcoming ad-
dresses, strongly advocated the extension
of the right to vote to women.

TO-MORROW'S ATTRACTIONS.

How Victorians Will Celebrate Dom-
inion Day—Excursions to Van-
couver and Neighboring Resorts.

Dominion Day will be celebrated by
Victorians very monetarily. As
usual no general demonstration has been
arranged, and it is likely that the city
will wear a deserted appearance, as a
great many citizens will either take ad-
vantage of the excursion rates in vogue
from here to Vancouver, Nanaimo and
Ladysmith to participate in the festivi-
ties at those points, or spend the day at
one of the numerous resorts in the vicin-
ity with the teachers and pupils of local
Sunday schools.

To-night the steamer Princess Beatrice
leaves for Vancouver at about 11 o'clock,
and, besides the large number of ordi-
nary excursionists, the Fifth Regiment
will go over en masse to assist in the
military demonstration which will form
the principal feature of the forenoon por-
tion of the Vancouver 1st of July cele-
bration.

Thus the Victoria Aerie of Eagles has
arranged an outing to Ladysmith, hav-
ing secured special rates over the E. &
N. railway for the occasion.

There are three large Sunday school
picnics. The United Methodists and the
Calvary Baptist schools intend spending
the day at Langford Plains, while the
United Presbyterians will go to Gold-
stream. For the latter trains will leave
at 8 and 10 a. m., returning at 2 p. m.,
and later, instead of the hours adver-
tised yesterday. In fact there will be
trains leaving the depot almost every
hour, and all wishing to spend a pleasant
day at some neighboring resort will have
no difficulty in obtaining transportation
at any time during the forenoon.

Banan Bay park is to be visited by the
school of the Reformed Episcopal
church. Trains will leave the V. & S.
depot at regular intervals, and that com-
pany has run water pipes to the grounds
for the convenience of the picnickers.
The Ladies' Aid will serve tea and re-
freshments on the grounds at a low
charge, while an excellent programme of
sports has been prepared, including a
baseball match between the Oak Bay
Juniors and a nine picked from the Sun-
day school. A pleasant time is assured
all attending.

At Langford Plains, where the Meth-
odist and Baptist schools intend locating,
a baseball match has been arranged to
take place between teams representing
the two schools. As there are some first
class players on both sides, a close and
interesting game is anticipated. Other
sports have been arranged.

Everything considered only fine weath-
er is needed to make to-morrow's
holiday a very pleasant one to most Vic-
torians.

SPRING SALMON.

(Special to the Times.)
Bellingham, June 30.—Several tons of
spring salmon were received here and at
Aucustus yesterday from traps in the
Sound. The run is greatly improving.

WOUNDED HIS WIFE.

(Special to the Times.)
Hastard, June 30.—Madam Jefferson, a
palmist with Arnold's show, was shot
and badly injured yesterday by her hus-
band. He was captured while boarding
a car for Seattle to escape.
